***You don't always believe in yourself and this is shown in your attitude and means you aren't achieving your full potential.***

- Your learning might be being affected because of your attendance, punctuality and lack of equipment
- You interrupt lessons, which means you stop the learning of other students e.g. talking when the teacher is talking
- You do not always complete the work expected in the lesson or it is rushed and of poor quality
- You don't always do what the teacher asks, you may argue and answer back
- You often fail to hand in homework on time or have clearly rushed it
- You don't always read your teachers' feedback or complete the improvements needed.
